AUDIENCE

Where the views go, last 28 days

Page views by lake

Users by US state

People check the level before a trip, after a storm and on record-low days. They come back when the lake moves.

Example Marina. Pontoon and ski boat rentals, open daily.
Visit Example Marina

- Your name, one line you write and one link, on the lake page and its chart page.
- Shown after the reading, on phones and computers. Labelled Advertisement, as the FTC asks.
- Every month I email you the page views and the clicks on your link.
- Live within two days. No contract. Stop at the end of any month.

Founding partners pay less, and start free

PAGE	VIEWS, 28 DAYS	START	THEN
Lake Mead	1,654	**First month free**	$25 a month or $199 for 12 months
Lake Powell	451	**First month free**	$12 a month or $99 for 12 months
Any other lake	3 to 122	**First 90 days free**	$5 a month, first business per lake
Every lake page (brands)	about 2,700	**First month free**	$49 a month for all 43 lakes

The founding price stays the same for 12 months. For comparison, SaskLakes.ca, a lake site like this one, asks $750 a year for a popular lake and $1,000 to $1,500 for a major one (sasklakes.ca/advertise).

WHY TRUST THE PAGE

Official data, open code, one person you can email

- Levels come from USBR, USGS, CDEC, TWDB and USACE feeds. The site updates every day.
- Sponsors never change the data. The disclosure page says so in plain words.
- The whole site is open source. You can read every line at github.com/lakelevelnow/lakelevelnow.
- Lake Mead and 13 other lakes have long-record charts. Shasta and Oroville go back over 50 years.
- Newsrooms and blogs can embed a free live level badge, so the site keeps getting new links.

Reply with three things.

Your business name, the one line you want shown, and the link. I set it up and send you the first report a month later. You pay nothing in the free period.
